To whom it may concern

This is a letter of testimony for Absolute office. We at Rawson Properties have had good business relations with this company for over 5years now. Their staff is not only very friendly, efficient and professional but on time which is what i personally value most. Just to mention one particular salesperson, Joey is an excellent person who even go an extra mile to source my order just to accommodate my needs and deliver on time. Their prices are also very reasonable.

I would have no hesitation to recommend Absolute Office either for business or personal stationery requirements.

Sincerely

Blessings Tshuma
